State and National Aggregates  
(Womanity Index 2023)

With the support of  
**Ford Foundation**

[www.invictusafrica.org](http://www.invictusafrica.org)

This Data Book presents state and national aggregates based on the 2023 edition of the Womanity Index, developed with support from the **Ford Foundation**.

# State Aggregates

## Laws and Policies

Are you aware of existing laws and/or policies that address gender-based violence (GBV) in the state?

Do you think customary or religious laws and/or practices are sufficient in preventing and responding to GBV in the state?

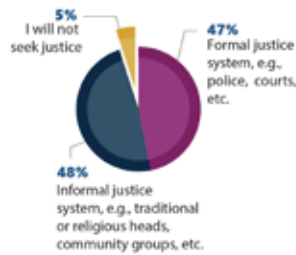

Do you agree that awareness of GBV laws and policies will prevent GBV?

## Access to Legal Justice

Where would you seek justice if you, or anyone you know, experience GBV?

If you witness GBV, would you feel safe serving as a witness during the investigation and trial?

Do you think the informal justice systems in the state are effective and sufficient in providing justice for victims/survivors of GBV?

## Support Services

Do you know of, or have you visited, any active shelters and/or Sexual Assault Referral Centres (SARCs) for GBV victims/survivors in the state?

Do you believe that these shelters and/or SARCs are effectively functional, adequately equipped, properly maintained, and sustainable over time?

Which GBV reporting and referral pathways are you aware of currently available in the state?

Do you think informal support systems such as family, friends, religious centres, community groups, etc., are helpful to GBV victims/survivors?

## Information and Awareness

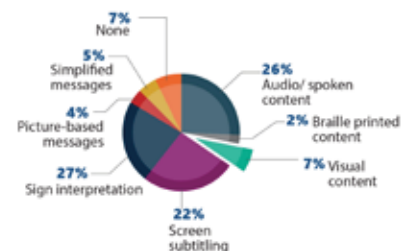

Do you know of any GBV information and/or education programs or materials in the state?

How useful is/was the content of the GBV awareness material in educating you on GBV?

Which GBV information and education materials are you aware of for persons with disabilities?

# Adamawa State

## Laws and Policies

Are you aware of existing laws and/or policies that address gender-based violence (GBV) in the state?

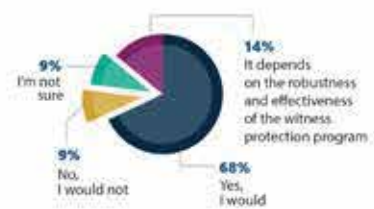

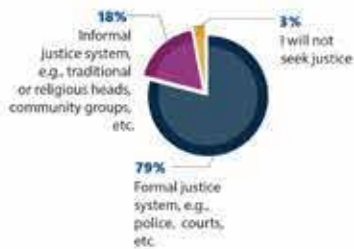

Do you think customary or religious laws and/or practices are sufficient in preventing and responding to GBV in the state?

Do you agree that awareness of GBV laws and policies will prevent GBV?

## Access to Legal Justice
